Subject: Modification to Building 344 - Elmer

Dear Sir:

Referencing Mr. Robert H. Campbell's letter J-16465 dated
March 9, 1953.

In the referenced letter, Mr. Campbell indicated he was submitting our drawing SK402 to Dr. Herrick L. Johnston for approval of layout. After we had drawn SK402, Dr. Johnston indicated to us changes that he would like to have made, and these changes depended upon receipt of information from the jobsite. We have received this information and believe that the enclosed drawing SK403 should be submitted to Dr. Johnston for approval as it encompasses all of the previous changes he had to SK402.

Very truly yours,

HOLMES & HARVER, INC.
